INCLEMENT WEATHER NOTICE

Dear Parents,

During inclement weather, Pioneer School District will notify all parents of any change in bell schedules, e.g. two-hour delay or snow day, by an automated phone call; we will also ask the local television and radio media to announce to their listeners and viewers any changes to the day. On those days where the storm hits the area too late to adjust bell times, school buses will run their routes as safely as possible to but due to road conditions; will run routes slower than normal. For the safety of your student, it is always the parent's decision as to whether or not to have your child ride the bus to school, or how long you wait at the school bus stop.

If you have recently changed your phone number(s), please make sure to notify the school office so we have the correct contact information for you for the automated calls.

Green route may not provide service to some of its school bus stops in different areas, but will provide service to satellite stops that are listed below for the upper Grizzly Flat/Grizzly Park areas in place of the regular daily route stop.

You may use one of the following stops listed below:

<u>BUS STOP</u>	<u>AM BUS STOP</u>	<u>PM BUS STOP</u>	<u>SUPER MIN PM</u>
String Canyon @ Evergreen	7:30	3:30	1:34
Sciaroni/Capps Crossing dirt lot	7:36	3:36	1:40

PLEASE NOTE: There are times when we need to use these satellite stops in the morning and not in the afternoon. If the roadways are cleared by DOT in the afternoon, we will use our regular bus stops.

Thank you for your understanding.
